July 2016

July's Hot Topic - Driver Logs Via the Web

From Sean Mathews, Director of IT Systems

Did you know that you now have the ability to view your logs online? It's very simple and you can log in and view this information from anywhere and at any time. All you will need is the URL for the OmniTRACS hours of service (driver) website and the following credentials (see screen shots below). Once logged in you will see your name up in the top right hand corner of the website. The first screen will show your current status and have a summary of all your clocks. You can also click on reports up at the top left of the screen and get a copy of your logs from any time period. We hope you will enjoy this new option! If you have any questions please feel free to contact me.

Dell Buying Program

Fort Transfer now has a relationship with Dell computers that will allow you to buy Dell products at a discount through the Dell U.S. Member Purchase Program. The Dell program gives you the ability to purchase Dell PC's, Electronics, and accessories up to 30% off. All you will need to take advantage of this program is the below URL and member ID. This program can be used by all employees, drivers, friends and family.

Driver of the Month-David Prater

Residence: Somerville, OH
Family: Wife - Janette
Drives: IC Truck #1592

Our May 2016 driver of the month resides in Somerville, OH. He started at Fort Transfer 3 1/2 years ago. David is known for his positive attitude and willingness to run wherever we need him to. He is a great communicator and has excellent customer service skills. He takes excellent care of his truck and treats Fort equipment like it was his own.

His wife's name is Janette. He has 3 kids and 3 grandkids. In the little free time he has, he likes to hang out at the house, cook on the grill, and spend time with his grandkids.

He said his favorite thing about Fort is the people in the office. He appreciates the way he is treated here and considers all of us his extended family. When he arrives at a Fort location, everyone greets him by name.

Please help us in congratulating our May 2016 Driver of the Month, David Prater.

Fort Family Birthdays

5 YEARS-	PRENTISS WARREN		
6 YEARS-	JESSIE LAMBERT	STEVEN SORENSEN	
42 YEARS-	GLENN STIEGLITZ (YES, 42 YEARS!!!!)		

Health Tips & Wellness

Two points to keep in mind this month; hydration and stretching.

Water regulates your body temperature and lubricates your joints. It also helps transport nutrients to give you energy and keep you healthy. If you're not properly hydrated, your body can't perform at its highest level. You may experience fatigue, muscle cramps, dizziness, or more serious symptoms.

Stretching increases blood flow to the muscle. Better flexibility may improve your performance in physical activities or decrease your risk of injuries by helping your joints move through their full range of motion and enabling your muscles to work most effectively.

Safety Message

Fort Transfer representatives recently attended the NTTC Safety and Security Meeting. The NTTC Safety and Security group have a competitive safety contest every year that is broken into mileage categories. I am proud to tell you that Fort Transfer placed 3rd in our mileage category. This is attributable to the safe work that you do everyday. Congratulations to all of Fort Transfer!
